LIFE INSURANCE.

THE KNICKERBOCKER

MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK.

Southern Branch, SAVANNAH, Ga.,

A. WILBUR, *Manager.*
R. D. ARNOLD, *Consulting Physician.*

THE ONLY BRANCH OFFICE OF LIFE INSURANCE IN THIS SECTION WHERE POLICIES ARE ISSUED AND LOSSES PAID.

ASSETS NEARLY

$5,000,000.

ANNUAL INCOME NEARLY

$3,000,000.

Annual Dividends nearly 50 per cent.

$73,500 LOSSES PAID BY THE SOUTHERN BRANCH IN TWO YEARS.

THE KNICKERBOCKER IS AN OLD, RELIable Company, and offers as great inducements to insurers as any solvent Company can. Issues Policies on every desirable plan. Loans one-third of Premium to Policy-Holder.

All Policies non-forfeitable, as the insured can at any time, on demand, get its surrender value.

NO RESTRICTIONS ON RESIDENCE OR TRAVEL.

NO EXTRA CHARGE for OFFICERS of the ARMY or NAVY, Officers of first-class Steam or Sail Vessels, or Railroad Conductors, &c.

The "KNICKERBOCKER" is ONE of the TWO Northern Companies whose Policies in the South were kept intact during the entire Rebellion, whose Dividends were accredited to Policy Holders as though Premiums were paid.

And is THE Company that paid all losses after the war, that occurred during the war, thus proving its integrity, the honorable method of conducting its business, and its indisputable solvency.

The KNICKERBOCKER still pays all losses, never disputes a just claim, and is as liberal and SAFE as any Company in America.

Importance of Life Insurance.

Read another forcible illustration of how the CONNECTICUT MUTUAL LIFE INSURANCE COMPANY pays its losses:—

"Received, at Raleigh, N. C., Jan 29th, 1869, of S. D. Wait, General Agent of the Conn. Mutual Life Ins Co., two thousand five hundred and forty-five dollars, in full payment of Policy No. 84,031, and dividend on the life of my late husband, ——, and I hereby surrender all my right, title and interest in the same to said Company.

" (Signed) ——, of Newbern, N. C."

We refrain from publishing the names of the parties, because we do not think it advisable to publish one's private business, but will state, although the party had not been insured quite five months, yet received a 50 per cent. dividend of $45 on the premium paid. The dividends of this Company have been larger than those of any other, averaging over 50 per cent. annually, from the beginning, and the present dividend (Feb. 1st, 1869,) exceeds the average. On this *fourth* annual dividend the Directors have, besides declaring a 45 per cent. dividend upon the premium paid, declared a per centage dividend on the surplus reserve arising from interest, which increases the policy holder's dividend annually, and on some policies pays over 70 per cent. this year. They have also adopted a *reduced all-cash premium table*, with immediate annual dividends.

This company is purely mutual; there are no Stockholders to absorb its earnings. It offers abundant security in a large accumulated fund of over TWENTY-THREE MILLIONS DOLLARS, derived alone from its business, and has $154 assets, securely invested for every $100 of its liabilities.—Its plans of business comprise all the desirable forms of insurance. ÆTNA

LIFE INSURANCE COMPANY,

T. O. ENDERS, Secretary.
H. W. STJOHN, Actuary.

SUMMARY OF BUSINESS FOR 1867

Total Assets, over	$10,000,000
Polices Insured in '67,	15,251
Am'nt Insured, nearly	$45,000,000
Policies Average "	3,000
Receipts for 1867,	5,129,447
Surplus for Dividends,	2,000,000

Dividend Fifty per cent.

Receipts for Interest Nearly Paid Its Losses.

It has $130 Assets for every $100 Liabilities.

Its premium receipts at the present time are nearly HALF A MILLION DOLLARS per month and are rapidly increasing.

The growth of the Ætna has never been equaled by any other Company whatsoever, in Europe or America.

Particular attention is called to the fact that while its business is increasing unprecedentedly, its ratio of expenses is comparatively small.

ECONOMY of management, CARE in the selection of risks, *promptness* in the payment of death claims, and *security* in the investment of its immense Trust Funds, are rigidly adhered to, and have ever characterized this Company.

The ÆTNA issues all the favorite kinds of Policies at the most favorable rates.

The ÆTNA issued last year more Endowment Insurances than any other Company.

The ÆTNA'S ratio of expenses, *or cost of new business* is less than any other Company whatsoever, and less than *two-thirds* of the average.

The ÆTNA is as liberal in permits to travel, in all parts of the world, as a sound discretion will warrant, and is much more liberal than any other prominent Company,

ANNUAL INCOME over $6,000,000.

The only Company that has the Low Participating Non-forfeitable Term Insurance with privilege of renewal. Ex. of rate at age 30 $14 67, which is nearly 40 per cent. lower than any other leading Company. Also

Non-forfeitting cash rates with dividends on contribution plan and payable at the end of the first year.

Description of Policies.

First—Whole Life Policies,

Second—Endowment Policies, for terms of ten fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term, or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies, issued at the rates published herewith, will participate in the surplus from the date of issue,

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made the dividends will be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON-FORFEITURE RULES.

No whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payment as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends, then accumulated, will purchase, taken as a single net premium, upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUCK,.....*President.*
ABRAM D. POLHEMUS,.....*Vice President.*
WILLIAM M. COLE,.....*Secretary.*
D. F. FACKLER,.....*Consulting Actuary.*
DANIEL AYRES, M. D., LL.D.,..*Med. Examiner.*

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the most LIBERAL Life Insurance Company in the United States, are:

1st TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over, without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. F. Facsler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

THURSDAY, FEBRUARY 25, 1869

OPINION OF CHIEF JUSTICE PEARSON.

To the exclusion of much other matter, we make room for the opinion of the Court, as delivered by the Chief Justice, in the Injunction case, which has excited so much interest, both in and out of the State.

A citizen of Georgia wrote us, rejoicing over the decision, because of the hope he had that the decision would give more value to the bonds of the State which had already been issued, and put a check upon the carpet bag policy of an impoverished people and State, issuing bonds for untold millions for railroad purposes, while the bonds could only command sixty cents in the dollar.

This opinion, with the action of the Court in regard to the Auditor, is said to have damaged the chances of Chief Justice Pearson for a seat on the Supreme Court Bench of the United States. A petition, we are informed, has been going the rounds to the Radical ring, for the appointment of Judge Rodman to the bench of the United States Court, instead of Judge Pearson.

Radicals were much enraged at the Chief Justice, for the exhibit made of the Auditor's papers in the rotunda, while the Governor cursed aloud in the presence of the Chief Justice.

This decision is a sore disappointment to Holden and his carpet bag policy. A banker, of Wall Street, informed us that the absent Editor of the carpet bag organ of the Governor, received $100,000 to lobby this bill through the Legislature. It is certain he received $5,000 as Attorney for doing so. No wonder the *Standard* Editor can keep a free grog shop in the Capitol. If he were only here, he could make $500,000 as Attorney to put through the bill for the sale of the North Carolina Railroad, for this is the bill of the session, out of which, lobby Attornies can make money.

It was published in the papers, sometime ago, that Booth was not dead. It was also published in the papers, as a rumor, that Holden would be in Gen. Grant's Cabinet. Now, if Booth is living, we should say he stood as good chance for a seat in the Cabinet as our "cussing" Governor. If Gen. Grant should appoint either of these "gentlemen" to seats in his Cabinet, it will only show how unfit he is for the place.

Booth murdered Lincoln. Whosoever will give themselves the trouble to refer to the *Standard* of the 5th of June, 1861, will find in an editorial, the question asked, by Gov. Holden, the Editor, "who will plot for the head of Abe Lincoln?" After this question was asked, pop, went the pistol—off, went his head! So much for Buckingham; so much for Booth; so much for Holden; so much for his editorial!

HON. TOD R. CALDWELL—IS HE A DEMAGOGUE?

We can't answer the question; because, it is understood, that to be a successful demagogue, a man must have brains. We can't undertake to say that Tod has brains, or that he has not; so we must let "Rutherford," a correspondent of the *Western Vindicator* decide the matter:

"I believe Caldwell to be now what he has always been, a dirty demagogue. Some of us remember his Valley Mountain "On to Victory or Death" speech."

What about that "On to Victory or Death" speech? Was it made during the war, before or after!—let us know all about it—all the circumstances connected with the speech. The high position of the Lieut Governor demands an exposition of the whole matter; for, as it now appears, we are left to infer that Tob R. was a scalous war man, and we don't like to think this of him.

THE DEBT CASE.—The Washington correspondent of the New York *World* gives the following statement concerning the nomination of Judge or General Dent by Mr. Johnson. These letter writers are not always correct, and what they say must be taken with a grain of salt:

"The statement made by Judge Dent, a relative of General Grant, that he was nominated by President Johnson without his wish and consent as Minister to Chili, is conspicuously inexact, according to the representations of the Executive. The latter emphatically declares that he has been importuned from sunset to cockcrowing and from sunrise to sunset by this Mr. or Judge Dent, for the last two years, very nearly on every day, Sundays not excepted. More than that, Mr. Dent has made his relationship to General Grant the constant reason why Mr. Johnson could graciously make such an appointment, and that the particular post he wanted was the Mexican mission; failing which, he appeared to be willing to take anything, from a rural postmastership down. Finally on Saturday, the President, to get rid of him, named him for Chili vice Kilpatrick, much to Dent's delight. Subsequently, however, some one prevailed on Dent to relinquish his chances under Johnson in order to make himself capital with Grant; hence he writes to Wade the note alluded to heretofore. After virtually insulting Mr. Johnson in this way, Dent had the cheek to come to the reception last night, where, the circumstances of his case being explained, he was the object of more comment than greeting."

The editor of the *Sentinel* says he is responsible for the prediction, that Gov. Holden will, in the next four years, break the peace with Gen. Grant—politically. The Wilmington *Star* will please so state, for the benefit of the *Post*.

HON. JOHN C. BRECKINRIDGE was expected to arrive in Petersburg, yesterday, en route for his long absent home.

OPINION OF CHIEF JUSTICE PEARSON IN THE CASE OF GALLOWAY ex JENKINS AND THE CHATHAM RAILROAD.

PEARSON, C. J.—On opening the case the Counsel of the plaintiff proved on principle, and by authority, that the jurisdiction of the Court, by its preventive remedy of injunction against irreparable injury, is applicable under the doctrine where there is a right common to many, or an injury that would be common to many, a bill will lie in the name of one, in behalf of himself and others, to have the right established, or the injury prevented; on the ground of avoiding multiplicity of suits; and brought the case within the rule, by the allegation that the plaintiff was a tax payer.

The learned Counsel of the defendants admitted the application of this doctrine, and stated they were instructed not to raise the objection; for if the General Assembly had power to issue these bonds, their clients had a deep interest in having their validity established; so as to embrace the value of the bonds, before they were put in market; and, if the Legislature had no power to issue the bonds, it was a matter of concern to every citizen of the State, that the question should be settled at the outset, so as to avoid the complication, that would grow out of the idea of vested rights of repudiation and the obligation of contracts, should these bonds be put in the market with a cloud over them.

We fully concur in this suggestion. It is better for all sides to have the matter settled now and here; and we were gratified to find that the Court has jurisdiction and can determine the question in the mode in which it is presented in the bill. *Manly ex Ch'y of Raleigh*, 4 *Jones, Eq.* 370. *Mott vs. Pennsylvania*, 30 *Penn. Reports* 99.

By an Act, August 1868, Chapter 14th, General Assembly enacts Sec. 1, 'that to enable the Chatham Railroad Company to finish their Road, the Public Treasurer be directed to deliver to the Company coupon bonds of the State, not to exceed two millions of dollars." Sec. 2: "In exchange for said bonds, the Company is to deposit with the Public Treasurer bonds of the Company of the same amount; same interest and same dates." This Act is of no significance, except to show a conviction on the part of the General Assembly that the public interest demanded the construction of this Road, and a wish to aid the Company in its construction, provided the General Assembly had power to do so, without a violation of the Constitution. The provisions of the statute under consideration, are expressed so plainly as to relieve the Court from the task of construction. The tenor and effect of it is, to aid in constructing a Railroad from Cheraw to the Coalfields, the State subscribes two millions of stock—and to pay for the stock, creates a debt of two millions of dollars, and directs the bonds of the State to be handed to the President of the Company, upon the surrender of the bonds issued under the Act of August, 1868, and in the same bill, a special tax is levied to pay the interest annually.

The question is made upon the construction of the Constitution, Act 5, Sec. 5.—"Had the General Assembly power to create this debt of two millions in aid of the Chatham Railroad Company? Unless the subject be submitted to a direct vote of the people?"

The Section is in these words, 'until the bonds of the State shall be at par, the General Assembly shall have no power to contract any new debt or pecuniary obligation in behalf of the State, except to supply a casual deficit, or for suppressing invasion or insurrection, unless it shall in the same bill levy a special tax to pay the interest annually. And the General Assembly shall have no power to give or lend the credit of the State, in any case whatever, except, &c., unless the subject be submitted to a vote of the people;" so, the intention to restrict the power of the General Assembly in regard to increasing the public debt in any mode or manner, is as strongly expressed as the English language can do it. In matters of construction, the Court is not to confine itself to the particular section; but is to consider the entire instrument, in order to find the general purpose, and the object arrived at: "To maintain the honor and good faith of the State untarnished, the public debt regularly contracted before and since the rebellion, shall be regarded as inviolable, and never to be questioned."—Art. 1, Sec. 6.

"No law shall be passed to raise money on the credit of the State, or to pledge the faith of the State, directly or indirectly, for the payment of any debt, &c., unless the bill is read three times in three different days, and unless the yeas and nays on the second and third readings of the bill shall have been entered on the Journal."—Art. 2, Sec. 16.

"The General Assembly, shall, by appropriate legislation, and by adequate taxation, provide for the prompt and regular payment of the interest on the public debt, and, after the year 1880, it shall lay a specific annual tax upon the real and personal property of the State, and the sum thus realized shall be set apart as a sinking fund, to be devoted to the payment of the public debt."—Art. 5, Sec. 4.

Here, we have a declaration of a purpose to maintain the honor of the State, and pay off the public debt,—a rebuke of hasty legislation, in reference to raising money and pledging the faith of the State,—and an amendment that, although the debt is so large that it cannot be paid off for years, yet the interest must be paid promptly, and a sinking fund be provided for the discharge of the principal. This purpose could not be effected without putting a stop to the increase of the public debt, by restricting the power of the Legislature.—Accordingly, that restriction is made by the next section, which in effect forbids the the General Assembly from creating any new debt whatever, "except, &c.," without providing for the interest, and in respect to debts or pecuniary obligations contracted by giving or lending the credit of the State, in aid of any person, association, or corporation, that shall be done in no case whatever, "except &c.," unless the subject is submitted to a vote of the people; "*until the Bonds of the State shall be at par.*"

But the Court is also required to look at the previous legislation, by which the evil, calling for these cumulative restrictions was caused, and this will furnish a key to the meaning, and open it so plainly to view, "that he who runs may read."

The war debt was put out of the way by a dash of the pen; and it will be found, that most of the public debt was incurred in three modes: 1st. By subscribing for stock in railroad and navigation companies, and issuing bonds to pay for the stock, the State becoming a member of the corporation; this is the heaviest item, and amounts to, say eight million of dollars. 2nd. By issuing bonds of the State, and exchanging such bonds for a like amount of the bonds of the corporation, the State not becoming a stockholder, and taking collateral security of more or less value. This is the next heaviest item, and amounts to about three millions of dollars. 3d. By endorsing the bonds of corporations and taking a mortgage or some other collateral security; this item amounts to about two millions.

These are the three modes, by which, judging from the past, it was apprehended the public debt might be so run up, as to ruin the credit of the State, and tarnish her honor, and her reputation for good faith.

Is the construction admissible, by which the Constitution is supposed to guard against two of these sources of danger, and leave the public interest exposed to the other? And that, the one most fruitful of evil! Would we impute wisdom to an individual, who having a field exposed on three sides, should carefully fence up two of the sides and leave the other side open?

Let us see, what word is relied on to justify this construction; for it rests on a single word. "And the General Assembly shall have no power to give or lend the credit of the State, in aid, &c." It is the word "give," and the argument is: This was a regular business transaction—the State subscribes for stock and becomes a member of the corporation and creates a debt by issuing its bonds to pay for the stock; true, the purpose was to aid the corporation in making a Road which will greatly benefit the State; but, this is in no sense *giving* the credit of the State; for the State receiving a consideration, to wit: the stock; and to give, is to do an act gratuitously; to pass something for nothing. In construing an instrument, the words must be taken in their ordinary meaning in connection with the purpose for which they are apparently used. "To give," is sometimes used to convey the idea of a gratuity; but it has a much broader meaning. "Give," means to pass from one to another, and the idea of its being done for or without a consideration is not involved. In old conveyances "give and grant" is used in place of *dedi et concessi*. I will *give* you my house for yours? What will you *give* me for my house? What did you *give* for your house and lot? I will *give* you a thousand dollars for it—provided you will *give* me six months credit.

This is obviously the sense in which the word is used in the section under consideration. For, besides the purpose which, as we have seen, the framers of the Constitution had in view, it is used in connection with the word *lend*, which imports a gratuity, and is introduced, lest the word "give" might be confined to cases where a consideration passed, and to cover the whole ground; so as to show that the credit of the State was not to be used in any way, either for a consideration or as a gratuity. The General Assembly shall have no power to give the credit of the State to this corporation, by making a subscription for its stock, is one sense. The General Assembly shall have no power to give the credit of the State to this corporation by an exchange of bonds, is another sense. The General Assembly have no power to give the credit of the State to this corporation by endorsing its bonds, is another sense. And the section might have included this class, without the additional word "lend." But its being used shows an extreme solicitude to cover every supposable case in which the credit of the State might be used, whereby the public debt would be increased.

In the first clause of the Section, "to contract any new debt," covers the whole ground, without the additional words "or pecuniary obligation." It is remarkable, that these two are the only instances in which the use of what might seem to be an expletive word is resorted to, showing an extreme anxiety that the intention to cover the whole ground should be plainly expressed.

The suggestion, that the credit of the State was given by this statute to aid in the completion of an *unfinished Railroad*, was not strongly urged on the argument, and, indeed, it could not be. An unfinished road is one that has been begun, and partly worked on, and such a road is made an exception on the ground that it might be proper to finish it, in order to prevent a sacrifice of the work that had been done. There is no evidence that such was the fact in regard to this road.

The other suggestion, that the State has a direct pecuniary interest in this road, was properly abandoned. The word *has*, is in the present tense; the exception, is obviously confined to roads in which the State had a direct pecuniary interest at the time of the adoption of the Constitution; otherwise the State might, by a subscription for stock, become directly interested in every Railroad or Navigation scheme, that should thereafter be projected; and thus, the restrictions of the Constitution would be of no effect, whatever.

Our opinion is, that the statute under consideration is void, and that the General Assembly had no power to pass it, without submitting the subject to a vote of the people.

In making this decision, we are relieved in some measure, from our feeling of responsibility by the fact, that if the public interest imperiously calls for the construction of this road, the Constitution provides that it may be done, if such be the will of the people.

There is error. Decretal order reversed. This will be certified. Justices Rodman and Dick concurring.

INDIANS IN CONGRESS.—The New York *Tribune*, noticing the statement that the Kiowa Indians had come to be settled on their reservations, and that the Arapahoes and Cheyennes had also arrived, hopes that, being 'whipped into good reservations," they will keep them and in time send representatives to Congress! They will then pay taxes; but we question whether they had not rather remain "Indians not taxed," without such representation.

UNFINISHED BUSINESS.

Consideration of the bill to provide a system of Public Instruction, question pending, motion of Mr. Love to amend the substitute offered by Mr. Sweet, for the 30th section, by leave Mr. Love withdrew his amendment and offered the following, to come in at the end of the substitute, (which we publish on yesterday) *To prevent the children of the two races from attending the same school at the same time, which shall not be allowed.*

Mr. Moore, of Carteret, called the previous question, which was sustained, and the amendment was adopted. See vote:

AYES—Messrs. Barnes, Beall, Beeman, Bellamy, Brogden, Burns, Blythe, Eaves, Graham, Harrington, Lindsay, Long, Love, Melchor, Moore, of Yancy, McLaughlin, Respass, Robbins, Scott, Shoffner, Winstead and Wilson—22.

Messrs. Forkner, Davis, and Jones, of Wake, changed their votes to the affirmative.

Mr. Moore, of Carteret suggested that the rest of the *weak kneed Republicans* be allowed to change their votes.

Mr. Sweet's substitute was then adopted as amended:

NAYES—Messrs. Barrow, Bellamy, Colgrove, Epps, colored, Forkner, Hyman, colored, Legg, Martindale, Moore, of Carteret, Smith and Welker.—12.

Mr. Smith, by leave, changed his vote to the affirmative.

Mr. Lindsay moved to strike out the 32d section, and said: Mr. President, The bill under consideration is entitled "an act to provide a system of *Public Instruction*." I think, sir, it would have been more appropriately named if it had been called an *Abomination of Desolation*. This proposition provides that the people of North Carolina shall be taxed to the enormous amount of 50 per cent. on all taxable property, in addition to all other taxes which are provided in the Revenue bill, special taxes to build Railroads, and in addition to an appropriation of $12,000 to the University. I have made an estimate, based on the statement of the Governor, in relation to the amount of taxable property in the state, and, sir, this fifty per cent. tax provided in this *abomination of desolation* will amount to *one million two hundred and fifty thousand dollars*. Now, Sir, what is wanted with this large amount of money in addition to the funds in the hands of the Board of Education, to build elegant Gothic structures, to frown down on the poor ragged children of North Carolina, the proposition is absurd, the people do not want to be taxed to erect such buildings, they prefer to meet together and build their own school houses, as has been the custom heretofore; besides, it is utterly impossible for the people of the State to bear this additional burthen. I trust, sir, this Senate will give that calm consideration to this subject as it deserves, and strike out both the 32d, and 33d, Sections which contain this provision.

Mr. Welker said he was satisfied that the Senator did not fully understand the provisions of the section. Its provisions simply authorize the question to be submitted to the people whether they will be taxed or not, limiting the amount to 50 per cent.—The Constitution authorizes the Commissioners to levy a tax sufficient to meet all necessary expenses to provide a system of public schools, and this section simply limits them in the amount of tax they are authorized to levy.

Mr. Lindsay said that the Senator from Guilford had not fully explained the meaning of the section. He says it only provides that this question of taxation shall be submitted to a vote of the people. He could see an additional objection. He was not opposed to people voting to tax *themselves*, but he was opposed to *non-tax payers* voting to tax those who have the burthen to bear, when, if they were required to pay a poll tax, it would meet all necessary expenses for carrying on the common school, without this additional tax.

The debate continued at length.

Mr. Lindsay's proposition was voted down.

Various amendments were offered to the Sections.

Pending its consideration, the Senate adjourned, without taking any final action.

To the People of the Southern States.

NEW YORK, Nov. 3, 1868.

When the pure medicinal restorative, now so widely known as Wolfe's Schiedam Schnapps, was introduced into the world under the endorsement of four thousand leading members of the medical profession some 20 years ago, its proprietor was well aware that it could not wholly escape the penalty attached to all new and useful preparations. He, therefore, endeavored to invest it with strongest possible safeguard against counterfeiters, and to render all attempts to prepare it difficult and dangerous. It was submitted to distinguished chemists for analysis, and pronounced by them the purest spirit ever manufactured. Its purity and properties having been thus ascertained, samples of the article were forwarded to ten thousand physicians, including all the leading practitioners in the United States, for purposes of experiment. A circular, requesting a trial of the preparation and a report of the result, accompanied each specimen. Four thousand of the most eminent medical men in the Union promptly responded. Their opinions of the article were unanimously favorable. Such a preparation, they said, had long been wanted by the profession, and its reliance could be placed on the ordinary liquors of commerce, all of which were more or less adulterated, and therefore unfit for medical purposes. The peculiar excellence and strength of the oil of juniper, which formed one of the principal ingredients of the Schnapps, together with an unalloyed character of the alcoholic element, give it, in the estimation of the faculty, a marked superiority over every other diffusive stimulant as a diuretic, tonic and restorative.

These satisfactory credentials from professional men of the highest rank were published, in a condensed form, and enclosed with each bottle of the Schnapps, as one of the guarantees of its genuineness. Other precautions against fraud were also adopted; a patent was obtained for the article, the label was copyrighted, a *fac simile* of the proprietor's autograph signature was attached to each label and cover, his name and that of the preparation were embossed on the bottles, and the corks were sealed with his private seal. No article had ever been sold in this country under the name of Schnapps prior to the introduction of Wolfe's Schiedam Schnapps, in 1851; and the label was deposited, as his trade mark, in the United States District Court for the Southern District of New York during that year.

It might be supposed by persons unacquainted with the daring character of the pirates who prey upon the reputation of honorable merchants by vending deleterious trash under their name, that the protections so carefully thrown around these Schnapps would have precluded the introduction and sale of counterfeits. They seem, however, only to have stimulated the rapacity of the depredator. The trade mark of the proprietor has been stolen; the indorsement which his Schiedam Aromatic Schnapps alone received from the medical profession has been claimed by mendacious humbugs; his labels and bottles have been imitated, his advertisements paraphrased, his circulars copied, and worse than all, disinterested retailers, after disposing of the genuine contents of his bottles, have filled them up with common gin, the most deleterious of all liquors, and thus made his name and brand a cover for poison.

The public, the medical profession and the trade, for whom the Schiedam Aromatic Schnapps is prescribed as a remedy, are equally interested with the proprietor in the detection and suppression of these nefarious practices. The genuine article, manufactured at the establishment of the undersigned, in Schiedam, Holland, is distilled from a variety of the finest quality, and flavored with an essential extract of the berry of the Italian juniper, of unequaled purity. By a process unknown to the preparation of any other liquor, it is freed from every acrimonious and corrosive element.

Complaints have been received from the leading physicians and families in the Southern States of the sale of cheap imitations of the Schiedam Aromatic Schnapps in those markets; and travellers, who are in the habit of using it as an antidote to the baneful influence of unwholesome river water, testify that cheap gin, put up in Schiedam bottles, is frequently palmed off upon the unwary. The agents of the undersigned have been requested to institute inquiries on the subject, and to forward to him the names of such parties as they may ascertain to be engaged in the atrocious system of deception. In connection, the undersigned would say that he has produced, from under the hands of the most distinguished men of science in America, proofs unanswerable of the purity and medicinal excellence of the Schiedam Aromatic Schnapps; that he has expended many thousand dollars in surrounding it with guarantees and safeguards, which he designed should protect the public and himself against fraudulent imitations; that he has shown it to be the only liquor in the world that can be uniformly depended upon as unadulterated; that he has challenged investigation, analysis, comparison, and experiment in all its forms; and from every ordeal the preparation which bears his name, seal and trademark, has come off triumphant. He therefore feels it a duty he owes to his fellow-citizens generally, to the medical profession and the sick, to denounce and to expose the charlatans who counterfeit these evidences of identity, and he calls upon the press and the public to aid him in his efforts to remedy so great an evil.

The following letters and certificates from the leading physicians and chemists of this city will prove to the reader that all goods sold by the undersigned are as they are represented to be.

UDOLPHO WOLFE.

I feel bound to say, that I regard your Schnapps as being in every respect pre-eminently pure, and deserving of medical patronage. At all events, it is the purest possible article of Holland Gin, and therefore unobjectionable, and, as such, may be safely prescribed by physicians.

DAVID L. MOTT, M. D.,
Pharmaceutical Chemist, New York.

26 PINE STREET, NEW YORK, Nov. 21, 1867.

UDOLPHO WOLFE, Esq., *Present:*

DEAR SIR:—I have made a chemical examination of a sample of your Schiedam Schnapps, with the intent of determining if any foreign or injurious substance had been added to the simple distilled spirits.

The examination has resulted in the conclusion that the sample contained no poisonous or harmful admixture. I have been unable to discover any trace of the deleterious substances which are employed in the adulteration of liquors. I would not hesitate to use myself or to recommend to others, for medical purposes, the Schiedam Schnapps as an excellent and unobjectionable variety of Gin.

Very respectfully yours,
(Signed,) CHAS. A. SEELY, Chemist.

NEW YORK, 53 CEDAR STREET, November 26, 1867.

UDOLPHO WOLFE, Esq., *Present:*

DEAR SIR:—I have submitted to chemical analysis two bottles of "Schiedam Schnapps," which I took from a fresh package in your bonded warehouse, and find, as before, that the spirituous liquor is free from injurious ingredients or falsification: that it has the marks of being aged and not recently prepared by mechanical admixture of alcohol and aromatics.

Respectfully,
FRED. F. MAYER, Chemist.

NEW YORK, Tuesday, May 1.

UDOLPHO WOLFE, Esq:—

DEAR SIR:—The want of pure Wines and Liquors for medical purposes has been long felt by the profession, and thousands of lives have been sacrificed by the use of adulterated articles. Delirium tremens, and other diseases of the brain and nerves, so rife in this country, are very rare in Europe, owing, in a great degree, to the difference in the purity of the spirits sold.

We have tested the several articles imported and sold by you, including your Gin, which you sell under the name of Aromatic Schiedam Schnapps, which we consider justly entitled to the high reputation it has

HOME ENTERPRIZES.—It is the most encouraging indication of the times, that so many commendable and valuable Home Enterprizes, of every kind, are springing up in our midst. It is through *such* agencies that we must expect to build up North Carolina, and contribute to the general prosperity. He is an enemy to the State who decries or seeks to depreciate the value and usefulness of such enterprizes.

We repeat, with the gratification we have heretofore expressed, that the N. C. Mutual Home Insurance Co., in this City, is operating with such promise of success to the Company, and advantage to the people.—We are informed that a foolish apprehension of risks in this Company is sometimes expressed, because of the late of the old N. C. Mutual, which existed here before and during the war. This is most unjust.—That Company, together with *all* our Banks and other Corporations, was destroyed *by the war*, and *by that alone*. How *could* it have stood, when everything else went by the board? But for the war, it is safe to assert that the old Mutual would, this day, have been one of the stanchest and wealthiest corporations in the Union.

With a fair chance, and a liberal display of *North Carolina* spirit, the present Company will soon rival the first institutions of the kind in the whole country.

WE ARE reminded, by public documents received last night, that our thanks are again due to Mr. French, member of Congress, representing North Carolina.

The young men of Pitt county enjoyed themselves on the 12th, inst., at Marlboro', by engaging in a tournament. Twenty-five Knights entered, and the riding, it is said, was good. Mr. J. J. Anderson, as Knight of the Lost Cause, won the honor of crowning the Queen. W. T. Beaman, Knight of the Red Plume, in the contest for 2nd. Maid of Honor, was successful. J. G. Moore, Knight of the Ku Klux Klan challenged the Knight of the Lost Cause for the Championship—challenge accepted, and the latter was victorious.

Miss Leona J. Stancil, of Edgecombe, was crowned Queen; Miss Emma Foust, of Randolph, 1st. Maid of Honor; Miss Martha Speight, of Greene, 2d; and Miss Dora Little, of Pitt, 3rd.

The festivities of the day closed with a ball at Liberty Hall.

THE HILLSBORO *Recorder* gives an account of a Miss Pendergrast having fallen into a trance, a few days before her death, and, upon her restoration to consciousness, making a statement of things seen and heard, and events to take place, which, in their character, were truly astonishing. The events predicted came to pass before her death.

THE barn and stable of Mr. Thos. McKinney, in Rutherford, were destroyed by fire on the night of the 14th instant. The "long feed" in the barn was all lost, and the horses in the stable were injured by the fire, though not seriously.

The gardens in the vicinity of Newbern are in a flourishing condition. The *Times* says it does ones eyes good to see them; corn, peas, onions, radishes, lettuce, &c., are all out of the ground, and growing rapidly.

The peace and quiet of Wilmington, says the *Journal*, was greatly disturbed last Sunday, by a fight between four negroes.—A number of persons were attracted to the scene of disorder.

A Mrs. Bishop, of Virginia, has a son five or six years old, of such huge dimensions, as to attract the curiosity of all who have seen him.

A barber, named Jas. Sanders, has been arrested in Wilmington for keeping his shop open on Sunday.

Mr. C. L. Parker, of Wilson, presented the Editor of the *Plaindealer*, a day or two since, with a pea bloom, plucked from the vines growing in his garden.

"Selling dog meat for mutton is illegal in Minnesota." Dog meat should never be offered for sale except in the form of sausage. In that form it is very *fine*.—*Wil. Star.*

A dog "pit" has been established in Newbern. Put *this* and *that* together, and the price of sausage will "come down" in Newbern, "after a while."

Hon. Josiah Turner:

DEAR SIR—Being a native of Granville county, and feeling a peculiar desire that the public may know that old Granville stands equal with other counties of the State in point of legislative and oratorical ability, I herewith enclose you a copy of the speech made by the Hon. Cuffee Mayo.

The Cuba Revolution—Progress of the Conflict—Reinforcements, &c.

HAVANA, Feb. 20.—The Government has received information of the surrender of one hundred revolutionists, near Colon, and of the death of their leader, Jose Gores, formerly District Attorney. The defeat of the revolution in the districts of Colon, Jaguay and Grande, is now considered certain. Information which has been received, to the effect that the revolutionists are surrounded in the Congo mountains, has been fully confirmed.

The amount of bullion in the savings institutions since Costello first became President has diminished $709,000.

The government authorities to-day seized an insurrectionary proclamation, calling upon the negroes to rise in rebellion. Its authors were promptly arrested and imprisoned.

Steps have been taken to watch the Peruvian monitors at Key West, as the Cubans think the monitors intend to attack Havana.

One thousand chasseurs have arrived from Spain. The Spanish forces in arms number seventy thousand men.

Advices from Halquin to the 7th instant have been received. Communication with troops there has been cut off by the insurgents, who have surrounded the town and intercept supplies, &c. The insurgents were near Trinidad on the 17th. They were under command of Rioges and Bravo.

THE REVOLUTION IN MEXICO—AMERICAN CONTRACTS, &c.

HAVANA, Feb. 20.—Reports of the revolutionary movement in Mexico, received from the City of Mexico up to the 24 instant, are at hand.

Gen. Negrete, on the 23 inst., captured the city of Puebla. He issued a proclamation, but abandoned the city on the 6th, on the approach of the government troops, which now hold Puebla.

The revolutionists at San Martin on the 6th, levied a forced loan of $200,000 on the merchants of that town.

The revolutionary General Zapata, at Sisal, had fled, General Vergas having attacked the insurgents.

A revolution also broke out in Huasca's and the places in that vicinity, and also in Nuevo Leon. Queroga, with twelve hundred well armed men, had pronounced in favor of Gen. Santa Anna.

It was reported that Gen. Corono would be Minister to Washington.

The contract with the American Pacific steamers has been annulled. Dr. Skelton, correspondent of the New York *Herald*, has had the award granted to him for building a railroad through the country. This concession is worth a million dollars to the grantee.

Porfirio Diaz has been appointed Governor of the new State of Morelos.

FURTHER FROM CUBA.

HAVANA, Feb. 21.—The terms mentioned in the proclamation of the Captain General granting amnesty to all rebels who would lay down their arms and submit to the government, having expired, another proclamation has been issued, still offering forgiveness to all who leave the cause of the insurgents, excepting the leaders and those convicted of crime.

Senator Henderson, of Missouri, and his party left for the United States on the steamer Columbia Feb. 19. An American named Dudley, who attempted to leave without a passport, was detained by the authorities.

The banks report large gold receipts, which is making the market easier.

The steamer Louisiana is expected from Mexico with $4,000,000.

The Diario says the insurgent chiefs in the jurisdiction of Colon have surrendered. Advices from Trinidad report several encounters in that vicinity. The forces defending Puerto Principe number three thousand men.

The Prensa says that the insurgents have been totally defeated near Villa Clara, and considers the insurrection ended in that part of the island.

TWIN EGGS.—A few days ago a hen belonging to a lady in Navasota, produced two eggs at once, they being joined together at the ends. The point of junction was about a quarter of an inch, and was complete, the whites running together. The eggs were perfect except that one was a soft shell.

We take the following items from the Texas *Ranger*:

It is reported that a man in Washington died recently, and previous to his death buried $25,000 in gold! The gold hunters are excited and scratching in every direction for the hidden treasure.

FROM WASHINGTON.

WASHINGTON, Feb. 24, M.

The Reconstruction Committee is considering the amendments to the disability bill with slow progress. Shackelford, of Virginia, was stricken from the list. Judge Parker, of Virginia, whom Sumner calls atrocious, was retained by a vote of four to three—Binnham voting aye.

Nothing important in either House.

TENNESSEE RIVER CONVENTION.

CHATTANOOGA, Feb. 24, M.

The Tennessee River Convention, comprising delegates from Kentucky, Tennessee, Alabama, Georgia, Ohio, Virginia and Pennsylvania met at ten o'clock. Gov. Patton, of Alabama, temporary Chairman.

He spoke a short time, calling the attention of the Convention to the vast importance of the great object for which they had met. He gave some information about the work already done on the river, repeating that efforts had been made, from time to time, to improve navigation.

Temporary Secretaries were appointed from the several States.

A letter was read from Gov. Brownlow, assuring the Convention of his interest and sympathy, in the objects of the meeting, promising to use his best efforts to secure sufficient appropriations for the completion of the proposed improvements.

FROM WASHINGTON.

WASHINGTON, Feb. 24, P. M.

It is believed that Gen. Grant will notify his Cabinet officers between now and Monday.

Col. Parker, of Indian descent and heretofore on Gen. Grant's staff, is prominent as Commissioner on Indian affairs.

Sheridan will succeed Sherman as Lt. General.

Gen. Grant's Cabinet, it is conceded, will consist of moderate Republicans.

Schenck's bill to strengthen the public credit, pledging faith to the government to pay bonds in gold or its equivalent, passed the House by a vote 119 to 61.

The body of Capt. Wirz has been delivered to his friends.

Senator Wilson introduced a bill regarding Mississippi, providing for the abrogation of Provisional Government and the installation of officers elected at the recent election, with a provision that where the person elected could not take the required oath of office it should devolve upon the person receiving the next highest vote.

The Senate Judiciary Committee resolved to take no further action, this session, on the removal of political disabilities.

The Reconstruction Committee made little progress to-day, in considering the Senate amendment to the House bill relieving political disabilities.

The impression is strong that nothing more will be done this session, the House being certain to erase some names, which will involve bills to return to the Senate for concurrence.

Both Houses will caucus on Tuesday next, regarding officers for the ensuing session.

Managers of caucuses earnestly urge new members to be present.

CONGRESS.

WASHINGTON, Feb. 24, P. M.

SENATE.—The Judiciary Committee asked to be discharged from the further consideration of several bills, memorials and papers regarding Congressional interference with Georgia.

The Committee of Commerce was discharged from the consideration of various bills.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,
OF THE
UNITED STATES OF AMERICA,
WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,
$1,000,000,
PAID IN FULL.

This Company, National in its character, offers, by reason of its large capital, low rates of Premium, and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of premium being largely reduced, are made as favorable to the insurers as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes, Dividends and the misunderstandings which the latter are so apt to cause the Policy-holder.

Several new and attractive tables are now presented, which need only to be understood to prove acceptable to the public, such as the INCOME-PRODUCING POLICY and RETURN PREMIUM POLICY. In the former, the policy-holder not only secures a life insurance, payable at death, but will receive, if living, after a period of [illegible] years, an annual income equal to ten per cent. (10 per cent.) of the par of his policy. In the latter the Company agrees to return to the assured the total amount of money he has paid in, in addition to the amount of his policy.

The organization of this Company on the LOW RATE, CASH PLAN, with new features and unequaled security, has evoked the most remarkable opposition from older and rival Companies. By means, fair and unfair, they have sought to injure the new system, and have attacked it with a degree of virulence unknown in the history of Life Insurance.

Not satisfied with the immense sums of money paid Insurance and other Journals, to try and check the rapid progress of the National, an unsuccessful motion was made in Congress to repeal its Charter, all of which but accelerated its speed for there is on the largest policies issued has been to members of Congress, whose attention has been thus attracted to its unsurpassed advantages. In the face of this opposition, the work of the Company has gone steadily forward, and it is with no little satisfaction that the GENERAL AGENTS are able to state that the business to date is far in advance of anything hitherto accomplished.

In Six Months 2,000 Policies have Been Issued,
INSURING, IN ROUND NUMBERS,
$10,000,000.

The attention of persons contemplating insuring their lives, or increasing the amount of insurance they already have is called to the special advantages offered by the National Life Insurance Co.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

From every quarter, both by mail and telegraph, will be carefully collated and presented.

Full and correct market and financial reports will be given.

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the LOW PRICE of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest laces to the bed-blanket. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the State.

MY STOCK IS LARGE AND VERY COMplete. Allow me to say that you see some very strange advertisements. Some say they bought goods before the rise—some after the decline—some just in time—some in luck again—some buy goods cheaper than anybody else—some selling goods at unprecedentedly low prices—some controlling the trade &c., &c., and all such stuff. What a lucky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? So let them talk, puff and blow, but ever, LOOK OUT! **HANDS OFF!** and show your good judgment by
